TABLE OF CONTENT

"Ready to Kick Things Off?" (Page 1)

Info Gathering: Essential details to tailor your website (pages, functionalities, timeframe, etc.).

"Price Talk, Let's Keep It Simple" (Page 2)

Quote & Payment: Personalized pricing based on your project needs, with a split payment plan.

"Want to Speed Things Up?" (Page 3)

Helpful Resources: Optional info like reference websites, colors, fonts, and imagery.

"Our Secret Sauce" (Page 4)

The Process: Step-by-step collaboration, clear feedback, and communication.

"We're Still Here After Launch!" (Page 5)

Post-Project Support: Minor adjustments and ongoing assistance after launch.

"Let's Talk Payment" (Page 6)

Payment Plan: Simple, transparent two-part payment structure.

"Ownership is Yours!" (Page 7)

Transfer of Ownership: After final payment, full control of the site is yours.

"Didn't Have Time to Check Us Out?" (Page 8)

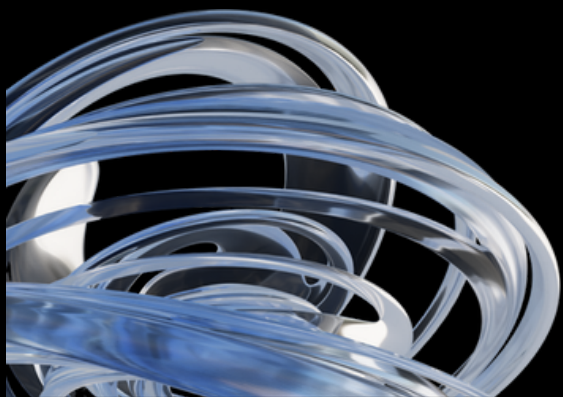

Contact Us: Links to portfolio, reviews, and how to get in touch!

STEP 1 – INFO GATHERING

To kick off the project, we'll gather essential details from you, including:

- Number of pages for the website.
- Specific functionalities like e-commerce, blogs, bookings, or event management.
- Your desired timeframe for the project completion.
- Any additional requests.

Please keep in mind that project delays often occur due to a lack of timely client feedback or delays in providing essential content (e.g., for services, about sections, etc.). We encourage prompt communication and content submission to ensure your project stays on track and meets the expected timeline.

STEP 2: QUOTE & PAYMENT

Once we have the details:

- Your quote will be personalized based on the scope and complexity.
- Payment is split into two installments:
 - **Downpayment** (typically 20-50% of the total).
 - **Final payment** after project completion.

STEP 3: HELPFUL RESOURCES

Once your website is confirmed, there are a few extra things that could help us design it perfectly:

- **Reference Websites:** Got a site you love? Share it with us! No need to be in the same field, just something you like (structure, design, colors etc)
- **Color Scheme:** If you have specific brand colors in mind, let us know.
- **Fonts:** If you have a favorite typography style, we'd love to hear.
- **Imagery:** Any brand visuals or stock photos you'd like us to use?

These details help us align the design with your vision!

STEP 4: OUR PROCESS

Here's how we work together:

- If something wasn't clear during our initial call/chat, we'll schedule another Zoom to ensure everything's understood.
- Once all details are clear, we move ahead with the first draft.
- You'll receive the draft for review—be as honest as possible! It's better to adjust early than continue on the wrong path.
- We maintain constant communication via WhatsApp, Zoom, or phone.
- Once you approve the desktop design, we'll optimize for desktop, mobile, and tablet.
- Clear deadlines and milestones keep everything on track!

STEP 5: POST-PROJECT SUPPORT

Even after your website is live:

- Minor adjustments (text updates, small layout changes) are free of charge.
- For major modifications, we'll discuss additional pricing based on your needs.
- We'll be available to assist with any questions or concerns during the post-launch phase.

STEP 6: PAYMENT PLAN

Simple & Transparent Payment Process

Our payment structure is straightforward:

Two installments: a downpayment (depends on the total amount of the website) and the final payment upon completion.

We keep you informed of any additional costs if project scope changes after the initial agreement.

STEP 7: TRANSFER OF OWNERSHIP

Once the website is finalized:

- We are going to ask you for your email address from your Wix account, in order to start the transfer.
- Full ownership of the design and website is transferred to you after the last payment is made.
- You're in full control, and we'll assist with the go-live process.
